

NATIONAL ASSOCIATION OF SCHOOLS OF ART AND DESIGN  
**Optional Internal Communications Worksheet:**  
**Full Web Site Access**

Most of the NASAD Web site is unrestricted for free access. Full access provides additional depth, such as an expanded online Directory of the Association, including a searchable database.

The official institutional representative of each accredited institution has an assigned login ID and password for the NASAD Web site, different from those assigned for HEADS access, enabling free access to the entire Web site of NASAD. A protocol should be developed for the distribution and use of this login ID and password within the institution. The security of this information is the responsibility of the institution.

In addition, any individual may purchase complete Web site access.

**NOTE: IR signifies the official institutional representative.**
