2016-2017 Accreditation Audit Instructions

Please follow the guidelines below in checking and/or correcting your *Accreditation Audit*. Please edit, sign, and return this document to Jenny Kuhlmann in the National Office by email (to jkuhlmann@arts-accredit.org) or by mail (to the address listed above) no later than **July 1, 2016**, even if no edits have been made. All corrections may be written directly on the report.

Institution Name and Address

Review and make any appropriate changes. Note that this is the broad institutional or art and design unit address, not the address for an individual.

Membership Type Code

This information is listed immediately following the zip code. *AM* indicates Associate Membership; *M5* indicates Membership for 5 years (institutions holding their first period of Membership); *M10* indicates Membership for 10 years (institutions in their second and subsequent periods of Membership). Please correct the *Membership Type Code* if necessary; add the *Membership Type Code* if it is omitted.

Year of Initial Accreditation by NASAD

This is the four-digit year immediately following the *Membership Type Code*. If this date is incorrect, please correct it.

Year of Last Comprehensive NASAD Accreditation Visit

This is the four-digit year noted in brackets. If it is incorrect, please correct it.

Academic Year of Next Comprehensive NASAD Accreditation Visit

This is the set of dates in parentheses. If these dates are incorrect, please correct them.

Website Address

If this address is incorrect or missing, please correct or provide it.

Unit Description

This descriptive sentence should portray the art and design unit's relationship to the entire institution or, in the case of units not affiliated with institutions, the unit itself. Descriptive sentences should be concise and non-promotional.

Institutional Representatives to NASAD

Please confirm the name, administrative title, and contact information of the person who will be serving as the institutional representative to NASAD during the 2016-2017 academic year, and make any appropriate changes. Please note: If more than one person will be serving as an official representative to NASAD, the institution is asked to designate a primary institutional representative. This individual will receive all NASAD notices and correspondence, including copies of confidential Commission Action Reports.

Chief Executive Officer

Please confirm the name, administrative title, and contact information of the person who will be serving as the institution's Chief Executive Officer during the 2016-2017 academic year, and make any appropriate changes.

Pending Action

This provides confirmation of materials due to the Commission and the Commission meeting for which they are due. If this category is empty, no materials are due to the Commission at this time. Please note: After requested material has been sent to the National Office, the information will remain on the *Accreditation Audit* until after Commission action has been taken and notification of Commission action has been sent to the institution.

Cohort Default Rate

This section applies only to free-standing, single-purpose institutions for which NASAD may serve as gatekeeper for the purposes of participation in Title IV federal student aid programs. If this does not apply to your institution (e.g., multi-purpose institutions) or if your school does not receive federal student aid, "N/A" should be listed under this heading. Please add/edit information as appropriate.

Degree and Program Listing

Entries in regular type have received both Plan Approval and Final Approval for Listing. Please do not make any changes unless there is a typographical error, deletion of a program previously approved by the Commission, or change of title.

Entries preceded by an asterisk (*) are community education programs that have been reviewed by the Commission and approved for Basic Listing.

Entries in italics have received Plan Approval. This indicates that the Commission has approved a degree/program plan, but the appropriate number of graduates' transcripts has not yet been submitted to the Commission for review.

If a degree/program is being offered that has not been reviewed and approved by the Commission, it should be submitted to NASAD for Commission review in order for the institution to remain in compliance with the *NASAD Handbook 2015-16*, Rules of Practice and Procedure, Part II, Article VI. Please download a copy of *NASAD Policies and Procedures for Reviews of New Curricula* from the NASAD website (<http://nasad.arts-accredit.org>) and review the process for submitting an application for Plan Approval or Plan Approval and Final Approval for Listing. If an application for Plan Approval or Plan Approval and Final Approval for Listing will be submitted by the institution for future review by the Commission, it should not be added to the *Accreditation Audit*; however, it should be addressed on the separate *Affirmation Statement* questionnaire.

If you have questions or concerns regarding the submission of materials or the listing of programs, please contact National Office staff. **Please note: Applications for Plan Approval, Final Approval for Listing, or Plan Approval and Final Approval for Listing should not be submitted with this *Accreditation Audit* and are not due by the July 1, 2016 audit deadline.**

Please do not hesitate to contact the National Office if you have any questions or concerns.

Thank you.
