(Please note: Accreditation Audits are due in the National Office no later than July 1, 2020)

Please follow the guidelines below in reviewing and/or amending the *Accreditation Audit* for your institution. Upon completion, please return the *Accreditation Audit* to the National Office by email (annualreports@arts-accredit.org) or U.S. Mail (to the address provided above, ATTN: Annual Reports) no later than July 1, 2020 - even if no edits or changes have been made. Once the review has been completed and the information checked, as requested at the bottom of the *Accreditation Audit*, please check as applicable one of the two boxes offered and sign the *Accreditation Audit*. (Please note: If amendments/additions/ corrections are necessary, please notate the revisions alongside the existing *Accreditation Audit* text, which can be marked with a single strikethrough.) In addition to these written instructions and to assist individuals preparing *Accreditation Audits* for submission, NASAD also makes available [video instructions](https://nasad.arts-accredit.org/accreditation/responsibilities/annual-reporting-requirements/audit/) (<https://nasad.arts-accredit.org/accreditation/responsibilities/annual-reporting-requirements/audit/>).

Please mark through any descriptors listed in error or which no longer apply.

Unit Description

This descriptive sentence should portray the art and design unit's relationship to the entire institution or, in the case of units not affiliated with institutions, the unit itself. Descriptive sentences should be concise and non-promotional.

Institutional Representatives to NASAD

Please confirm (or make changes to) the name, administrative title, and contact information of the individual who will be serving as the institution's primary representative to NASAD during the 2020-2021 academic year. (Please note: If more than one individual will be serving in this capacity, information should be provided for each.) The primary institutional representative will receive all NASAD notices and correspondence, including copies of confidential communications such as NASAD Commission Action Reports.

Chief Executive Officer

Please confirm (or make changes to) the name, administrative title, and contact information (including email address) of the individual who will be serving as the institution's Chief Executive Officer (i.e., President, Chancellor, etc.) during the 2020-2021 academic year.

Pending Action

This section provides confirmation of materials slated for review by the Commission, and the Commission meeting noted by date at which the materials are scheduled to be reviewed. If "N/A" is indicated in this category, no materials are due to NASAD at this time.

Commission History

This section provides confirmation of items of note, if any, for upcoming Commission meetings and any postponements granted during the current review cycle (cycle refers to *AM*, *M5*, *M10*). If there is no information to report in this category, "N/A" will be indicated.

Cohort Default Rate

This section applies only to free-standing, single-purpose institutions for which NASAD may serve as gatekeeper for the purposes of participation in Title IV federal student aid programs. If your institution does not meet these criteria (i.e., a multi-purpose institution) or if your school does not participate in federal student aid programs, "N/A" should be indicated under this heading. Please add/edit information as appropriate.

Degree and Program Listing

Curricular entries offered in regular type have received both Plan Approval and Final Approval for Listing thereby indicating prior approval by action of the Commission. Should changes to approved degrees/programs be necessary, the institution is asked to note in detail the nature and reason for the change. (Please note: Only those degrees/programs approved by the Commission will be listed by NASAD in its publications.) Institutions are reminded of NASAD protocols regarding curricular review and listing found in the *NASAD Handbook 2019-20*, Rules of Practice and Procedure, Part II., Article I., Section 3. and Article VI.

An asterisk (*) preceding a curricular entry indicates that the community education program has been reviewed by the Commission and has been approved for Basic Listing (please see NASAD *Handbook 2019-20*, Standards for Accreditation III.K.).

Curricular entries offered in italics have received Plan Approval thereby indicating prior approval by action of the Commission. Curricular programs holding Plan Approval should be submitted for Final Approval for Listing when the appropriate number of student transcripts are available for Commission review (see NASAD *Policies and Procedures for Reviews of New Curricula* [<https://nasad.arts-accredit.org/accreditation/accreditation-materials/procedures/new-curricula/>]).

If a degree/program is being offered that has not been reviewed and approved by the Commission, it should be submitted to NASAD for Commission review. Instructions for submitting applications for Plan Approval or Plan Approval and Final Approval for Listing are found in the NASAD documents *Policies and Procedures for Reviews of New Curricula and Instructions for Preparing Curricular Tables in the NASAD Format* (<https://nasad.arts-accredit.org/accreditation/accreditation-materials/procedures/new-curricula/>). If a degree/program is slated to be submitted for Plan Approval or Plan Approval and Final Approval for Listing, discussion of the degree/program should be included within the institution's separate *Affirmation Statement* questionnaire and a copy of the application for Plan Approval and/or Final Approval for Listing should be forwarded to the National Office.

If questions or the need for information arise regarding curricular programs such as procedures regarding the submission of materials or degree/program listings, please contact Adèle-Marie Buis in the National Office (abuis@arts-accredit.org).

NASAD appreciates your careful attention to this important accreditation responsibility.

Thank you.
